

AND INTO THE FUTURE

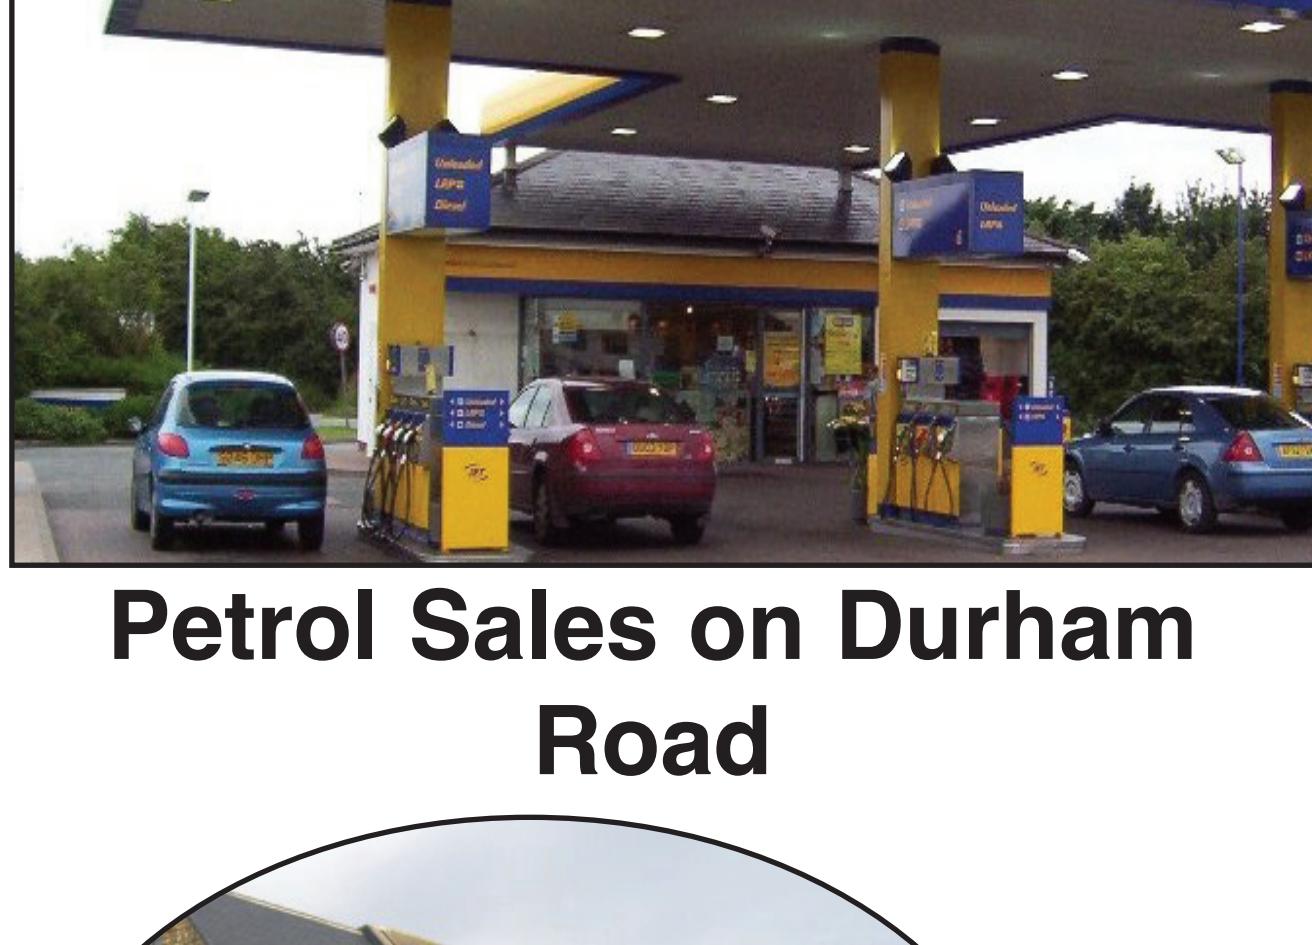

agricultural beginning which saw a coal mine and its workers. Wheal

medieval period, through to the industrial accompanying infrastructure to support the new, in a further period of change and

The image is a horizontal collage of three photographs. On the left, a close-up of a yellow and blue 'JET' sign, part of a gas station. In the center, a modern street lamp with a single light head. On the right, a tall, slender, modern-style power transmission tower standing against a cloudy sky.

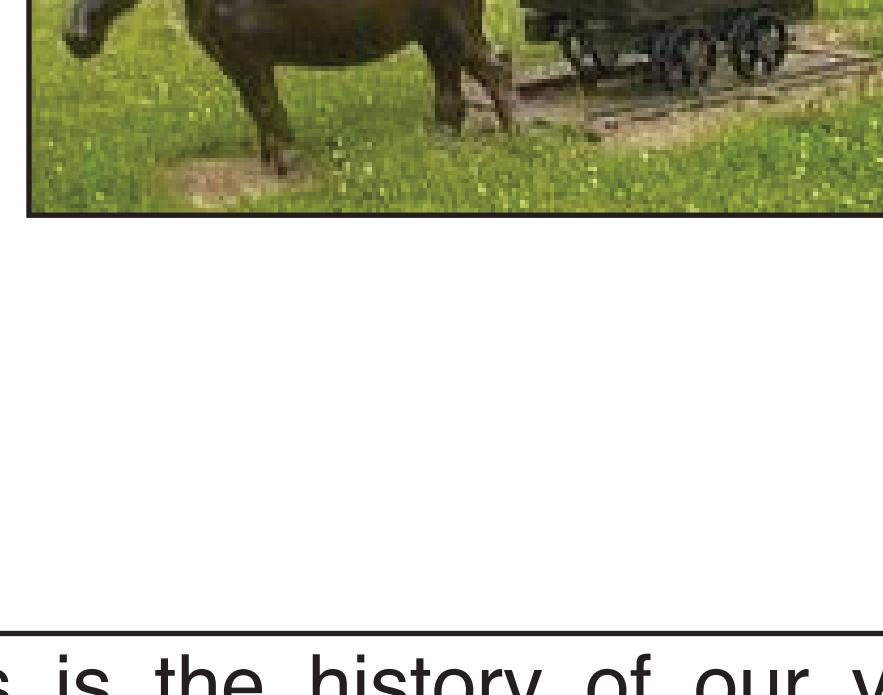

A large, modern stone barn conversion with a long, low profile and multiple gables, situated in a rural setting.

A composite image consisting of two photographs. The left photograph shows a close-up of a dark, textured solar panel mounted on a metal frame, set against a background of green grass and a white fence post. The right photograph is a close-up of a single white wind turbine blade against a clear blue sky.
